COURSE

If you've ever raced a Tall Oak Challenge you know the
race course is almost all single track; Hard pack dirt, a
few big climbs, and is very fast. The only thing we're
changing for the 6 hour race is making the course a little
longer, stretching it out from 6 miles to 7+ miles long.

Lap times will be 35 to 45 min.

All races will start at NOON.

SWAG

Our sponsors have all chipped in to make this year's
event a great one. A hitch rack from Kuat, foamy bever-
ages from Team Redwheel, and tons of cool stuff from
Specialized.

FOOD

You can't race your bike on an empty stomach, so that's
why we'll have the BBQ stand open all day grilling up
burgers, hotdogs, brawts and what ever else our cooks
decide to throw on the grill.

**All proceeds from this race go towards single-track
MTB trails in central MO.**
