The Course

The start will be Katy trail and racers will climb a 1 mile long gravel hill to get the trail. The trail is a 3-mile loop of 100% single track in Daniel Boone country, which weaves up and down several times in a large hollow, is a constant challenge to novice and advanced riders alike. This is some fairly unique terrain, heavily wooded, very dark and shady, with several rock-bottom creek crossings. The trail has a ton of elevation change and great natural beauty.

Directions

From the Hwy 40 (I-64) and Hwy 94 interchange: Take Highway 94 West approximately 13 miles. After passing through Defiance it is approx. 1-2 miles to the race start area.

Parking will be clearly marked off Matson Road at the KATY trail parking area and please park in the designated areas.

Fees/Classes
